

# PAPILLION LA VISTA SOUTH BANNER PROGRAM

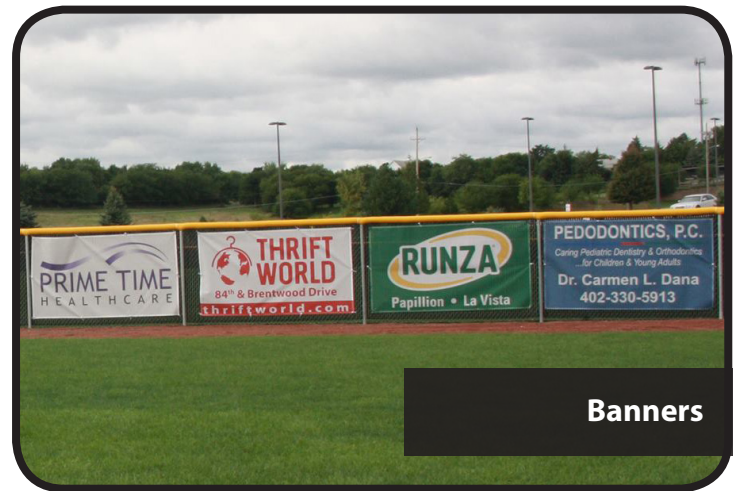

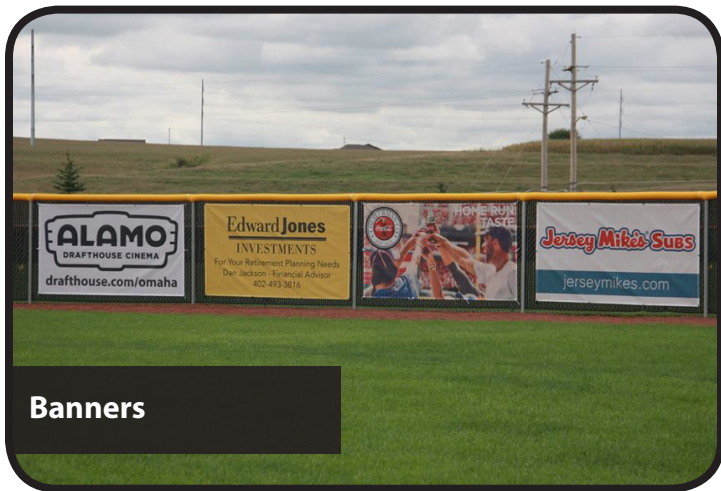

**DIRECTLY SUPPORTS THE TITANS BASEBALL AND SOFTBALL PROGRAMS**

in partnership with  **TITAN DEFENDERS**  
Parent and Booster Organization

In partnership with the Papillion-La Vista South High School parent and booster organization, the Titan Defenders, the Papillion-La Vista Schools Foundation is excited to offer a unique marketing sponsorship opportunity to support Titan athletics.

Papillion-La Vista South High School baseball and softball programs continue to produce championship quality teams every year. When the high school was originally constructed in 2003, both fields were meant to be practice fields. Over time, the school determined the best place for the Titans to play their home games was on campus and improvements had to be made to the fields.

Several projects have been completed to help bring both fields up to a competitive level but there are still things needed to make these fields the championship quality players and coaches deserve.

## **Sponsorship from the banner project will help fund:**

- New softball scoreboard
- New baseball scoreboard
- Completion of the warning track on the baseball field
- An infield tarp for the softball field
- A backstop netting system
- A bunker rake
- A new practice infield for both baseball and softball

The baseball/softball banner program at Papillion-La Vista South High School will provide an immediate solution to secure yearly funding for these two athletic programs. It also provides the Schools Foundation and Titan Defenders a opportunity to recognize the special relationship Papillion La Vista Community Schools has with its community partners.

***“The Titan baseball/softball banner program will help enhance our facilities to create a championship environment that matches our performance on the field.”***

Titan Softball Coach Thomas Horton
